

Animal Adoption Program

Who?

You- As a personal gift to yourself.

As a gift- The perfect gift for any animal lover.

For Birthdays, Christmas or just to show you care, also the perfect gift for the person who has everything..!

For Business- A great opportunity to show your employees that you really do care about important issues.

Schools, Scouting groups or Clubs- Again a great way to show your involvement with your local community by supporting your local Zoo.

What?

Sponsorship or Adoption of one of the animals of Papanack Park Zoo. Conveniently offered in \$25.00 units to fit every budget. The funds are used for breeding programs and general maintenance of the species sponsored.

Where?

The Adoption and Sponsorship programs are offered by Papanack Park Zoo for support of their breeding and conservation programs.

When?

There's no time like the present. After deciding which animal you would like to adopt, you can either fill out this form and take it to the Entrance for processing or return the form by mail or fax to our office.

Why?

Probably the most important question. With so many species of animals becoming endangered, it is important to help, not only those who are classed as 'raft' or appendix 1 species- by offering them a 'life line' to bring them back from the brink of extinction, but also to prevent other species from becoming 'appendix 1'

Most of the species on our planet have ended up on the 'appendix 1' list because of man altering the balance of nature. It is our obligation to put right all

the damage we have done, not just for ourselves but for future generations.

Papanack Park Zoo does not receive funding from the government or any other agencies, so we appreciate your support. Be assured that 100% of your support goes to help with the on- going cost of conservation programs run by Papanack, as well as the participation in global 'Species Survival Programs', not to administration!

" We did not receive the Earth from our fore Fathers, we are merely taking care of it for our children."

How can I adopt one of the animals at Papanack...?

It's as easy as 1 2 3 ...!

1. First, decide which animal species from our list you would like to adopt.
2. Then, decide how much you would like to sponsor. Sponsorship starts as low as \$25.00 for a small mammal right up to \$3000.00 for one of the Big Cats! Remember you can part sponsor in units of \$25.00 or more, so you can still help to support your favorite animal- even if it is one of the most expensive animals at the Zoo!
3. Next, fill in form on the reverse and return to the zoo for processing. (Don't forget to include if the adoption is for you or as a gift.)
